## EDUCATION MUST COME FIRST

There are two very different realms of learning. Both are on-going and produce phenomenal results. However, one demands less work, less effort, and has nothing to do with an individual's abilities. The other, demands much work and effort, and is totally dependent upon an individual's abilities. The benefits of one are comprehended by and limited to the five physical senses. While the other, transcends the five physical senses, is limitless, and never ending.

The two realms of learning are spiritual and natural. The former realm requiring the exercise of faith and obedience. The latter requiring the exercise of the brain for comprehending and applying knowledge. The greater of the two is the spiritual which supersedes the natural. The natural realm merely reveals abilities and inabilities. Whereas, the spiritual realm reveals identity, gifting, and purpose.

Gifting is the bridge from identity to fulfilling purpose. An individual's gift is present at birth and is developed and exercised throughout their lifetime in fulfillment of their purpose. Gifts function in relationship with other gifts. Therefore, a single individual cannot fulfill their purpose alone. Their gift must function corporately.

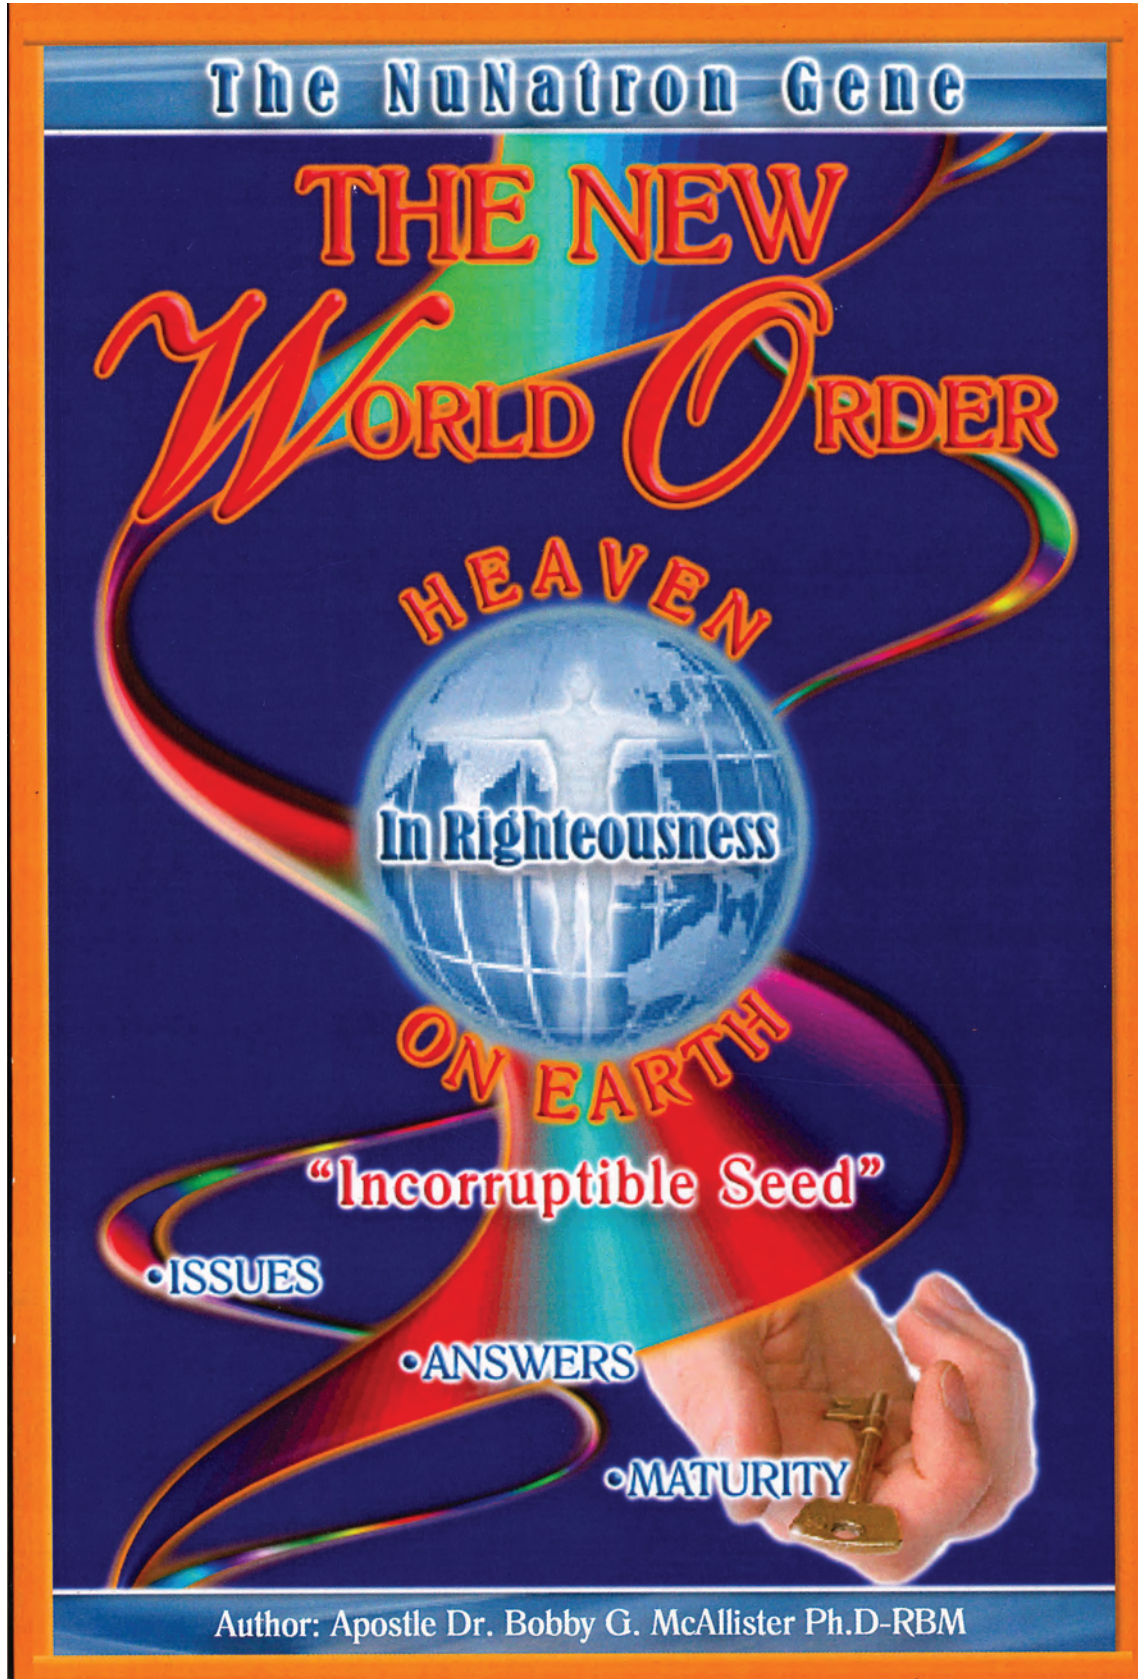

So then, education is merely the identifying of individual giftings and developing character in individuals for the fulfillment of their divine purpose.

**IDENTIFYING THE GIFT** requires true Ascension Gifts of the Spirit that see, hear, declare, and affirm as the Father.

**DEVELOPING THE GIFT** requires submitting the gift for the release to exercise the gift.

THERE IS A NEW WORLD ORDER EMERGING

Author: Apostle Dr. Bobby G. McAllister Ph.D-RBM

We are embarking on some of the most critical times of human existence. As we look at all that is before us in every arena of life; government, political, economical, social, etc., we will find that there is great difficulties.

We must understand that as mankind seeks to find a better way of living, the answers and solutions presented are temporal. The benefits befall a select group while most suffer continual loss at the expense of those that selfishly gain. The mindset sets at the helm of governmental powers making laws, and making decisions that will continue to lead humanity away from the intended purpose of God.

As I was finishing a good godly game of golf with a newly found friend, I stated to him: "You know there is a New World Order emerging?". His response was, "Yes, the illuminati". I said, "No, a New World Order out of God". I said to him, "You know that's what Jesus came to do, set up a New World Order, and be King over it, this is the real reason He came. In this New World Order He makes it possible for mankind to escape the fear tactic of the illuminati".

Jesus came to show us how to live in two worlds, heaven in earth. Remember Jesus said, "I am not of this world", so implying he was living out of the energy of another world within this world.

He also stated that the kingdom was not of this world.

As he dialogued with his own disciples, He expressed a child as the greatest. Therefore everyone should be trained about the life in the child's small world. This is an exciting Children's Training.
